OBJECTIVE

As a final-year student at Botho University pursuing a BSc (Honours) in Computing, I'm looking for a position that will let me develop my knowledge and skills further while producing high-quality products. I am a software engineering student who is eager to find solutions to both my own and other people's software-related difficulties.

EXPERIENCE

July 2022-

November 2022

Africa Code Academy (Intern)

Quality Assurance Engineer

I learnt how to use different software testing tools like selenium, katalon studio, QA touch, Jmeter, Jest. I tested some of products that were developed there.

EDUCATION

Currently

Botho University

BSc (Honours) in Computing
